Alfa Laval Unique RV-ST Regulating Valve - Positioners

Product code:: 5411

Positioners for single acting actuators only.
 LKLA-T ø85 (except LKLA-T ø85 NO, A/A and ø133)
 SSV actuators (except Long strokes actuators)

Item No.	PPL EUR	Description	Dimensions (mm)		
			A	B	
9611995266 9611995268		SSV 8694 without display SSV 8692 with display	ø91	164	<p>Complete positioner for SSV</p>
9611995267 9611995269		LKLA-T 8694 without display LKLA-T 8692 with display	ø91	164	<p>Complete positioner 8692 with display</p>

Note: When using this positioner on a normally open LKB valve, it is important to notice that the valve is not able close completely, because sensing range does not cover the full travel of the actuator.

“Always remember to use the closed position of the valve as your reference point for the set up of the positioner regardless actuator configuration.

When using this positioner on a LKB butterfly valve, it is important to remember that this only can be used for simple regulation applications.

Alfa Laval does not have capacity diagram available.
